Dear Valued Community Member,

February 2025

Kathy had cats dumped on her property. Clayton and his wife saw dog being abused by a neighbor. Yolanda found a stray cat had in her basement, and in the process of trying to capture the cat, she discovered the momma had three kittens. All of these animal lovers, and many others, have brought these unfortunate pets to Spay and Neuter Syracuse in order to get these animals altered, and in so doing, to help reduce pet overpopulation. Perhaps you've rescued a homeless animal, or you know of a feral cat colony living near you. Maybe you've seen reports of hoarding situations on the news. Central New York has a severe pet overpopulation problem but there is a way to help. By helping us spay and neuter dogs and cats, fewer animals will be homeless and suffer under these sad circumstances.

Spay and Neuter Syracuse (SANS) has provided low-cost services to low-income families, veterans, students and many local animal rescue organizations, fosters, and feral cat rescuers, in the Syracuse area. SANS has provided these services for nearly 60,000 animals since 2005. Most recently in 2024, SANS spayed and neutered the incredible total of 6,966 animals!

To continue funding our mission, we will be hosting **PAWCASSO**, a curated art sale, along with raffles, music and appetizers to be held **Saturday, May 17, 2025**, at SKY Armory, 351 S. Clinton St. Syracuse, NY, 13202. The proceeds of **PAWCASSO** will go directly to support our clinic and allow us to continue to improve our services to the Syracuse community.

Will you support **SANS** by making a donation to our event? For your tax-deductible donation, your business will be seen by animal lovers in Central New York as community minded and well-informed about the problem of pet overpopulation and animal welfare.

Please contact either of us if you would like to discuss sponsoring or making a donation.

On behalf of SANS, thanks so much for your generosity!

Lauren Bachiller and Peggy Ries
